* 15% attendance can be waved off by the Vice chancellor in special circumference.

Add marks make result
After the marks obtained by a student at various Examinations held in a course during a Semester including Semester final Examinations marks are added up and the result is awarded.

No credit for F Grade
No credit points shall be awarded for a course in which the student obtains 'F' grade.

F Grade to repeat
The student shall be required to repeat all the courses in which he/she has obtained 'F' grade for successful completion of the degree programme.

Good Standing Credit Points
Requirement of GOOD STANDING for Graduation: The minimum overall credit point average requirement shall be as prescribed from time to time by the Academic Council..

31. Computation of SGPA and CGPA
The following shall be the procedure to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA):

i. The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e SGPA (Si) = Σ(Ci x Gi) / ΣCi where Ci is the number of credits of the ith course and Gi is the grade point scored by the student in the ith course.

ii. The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e. CGPA = Σ(Ci x Si) / Σ Ci where Si is the SGPA of the ith semester and Ci is the total number of credits in that semester.

iii. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts. 8. Illustration of Computation of SGPA and CGPA and Format for Transcripts
