### ABOUT THE WEBINAR

“Knowledge of India” will include knowledge from ancient India and its contributions to modern India and its successes and challenges, and a clear sense of India’s future aspirations with regard to education, health, environment, etc. New education policy 2020 paves path to the future of budding Indian minds with elaborative changes which NEP has introduced in Indian Education system. The new national education policy proves to be a boon economically, intellectually and blending in professionally for teachers with an ambitious goal to impart Quality and Competitive Education for All. APJ Abdul Kalam said that “Learning needs freedom to think and freedom to imagine and both have to be facilitated by the teacher”. Certainly, NEP 2020 empowers the teachers by giving them autonomy in selecting appropriate pedagogy and encourages them to ensure socio emotional learning of their students. Students in India have historically focused on 'preparing for exams' a system involving years of learning by rote, copious note-taking and narrow adherence to a syllabus. The New Education Policy (2020), which emphasizes problem-solving and critical thinking skills, will help the next generation of Indians finally 'prepare for life' and navigate uncertain futures.

Yoga education plays vital role in developing required knowledge, attitudes and skill for successful run of moral values, social ethics, Health welfare and liability to serve socio economic development of the Nation. Certainly, Yoga teachers will also have numerous opportunities for modification in teaching pedagogy and style. With the purpose of creating platform for academic discussion on “NEP 2020: Role of Yoga Teacher” this program has been finalized so that important recommendation and suggestions can be drawn on the e of webinar. Following objectives for this National Webinar has been set to discuss on –

1. The role of Yoga teacher after NEP 2020.
2. The changes have introduced in NEP 2020 and its effect on teaching pedagogy of Yoga teachers.
3. New dimension of Yoga teachers in reference to NEP 2020.
4. Modifications requirement in curriculum of various courses in the field of Yogic Science.
